Declaration by group leader

I hereby declare that all group members' names are correctly included in the above section. I hold a copy of this assignment which I can produce if the original is lost or damaged. I certify that no part of this assignment has been copied from any other student's work or from any other source except where due acknowledgement is made in the assignment.

Group leader's signature : *Moses*

Group leader's name : CHAN QING HANG

Group leader's student ID : 1221101418

Date : 25/6/2024

Group member declaration

(Each group member, including the group leader, must individually fill up and submit this form)

Group member's name : CHAN QING HANG

For the purpose of completing this assignment, I have performed the following tasks (please list):

First, I had held several project meetings to discuss the task distribution. As a leader, I communicated with my teammates and supervised their work. Secondly, I had completed the wix website and figma prototype design. Third, I had done the sitemap. Fourth, I did the documentation for our group report. Fifth, I record the video and edit our team presentation video. Lastly, I submit to our lecturer before the due date.

I hereby declare that I have assessed this submission and I take full responsibility should there be any inaccuracies, incompleteness, omissions, delays or non-submission.

Group member's signature : **Moses**

Group member's name : CHAN QING HANG

Group member's ID : 1221101418

Group member's tel. no. : 011 6368 1623

1. INTRODUCTION

In this project, our team chose the project type of E-commerce. We are an emerging technology startup company that focuses on providing high-quality Bluetooth mice for gamers. Our company's mission is to allow our customers to freely design and customize their own exclusive Bluetooth mice. Our company's brand name is "Poppy Gaming Mouse". The name "Poppy" represents our company's commitment to stand out in the vast technology market through innovative products and excellent customer service. At the same time, our company hopes to provide a better user experience for mouse users.

Our company provides users with a website for online sales of Bluetooth mice. Our website provides users with high-quality images of Bluetooth mice to let users know more about our products. At the same time, we list all our Bluetooth mouse products on the website and add the add to cart function for users.

Our website also opens a wish list for users to add their favorite products to the list. After the customer successfully places an order and successfully pays, they will receive an order invoice. They can also track the shipping status through the website.

We also used Figma to make a prototype of Mobile apps. We added the function of customized products to the mobile apps prototype, which means that our customers can customize their mice. Next, we also used Canva to create a user manual to guide customers in using our Mobile apps.

About Us

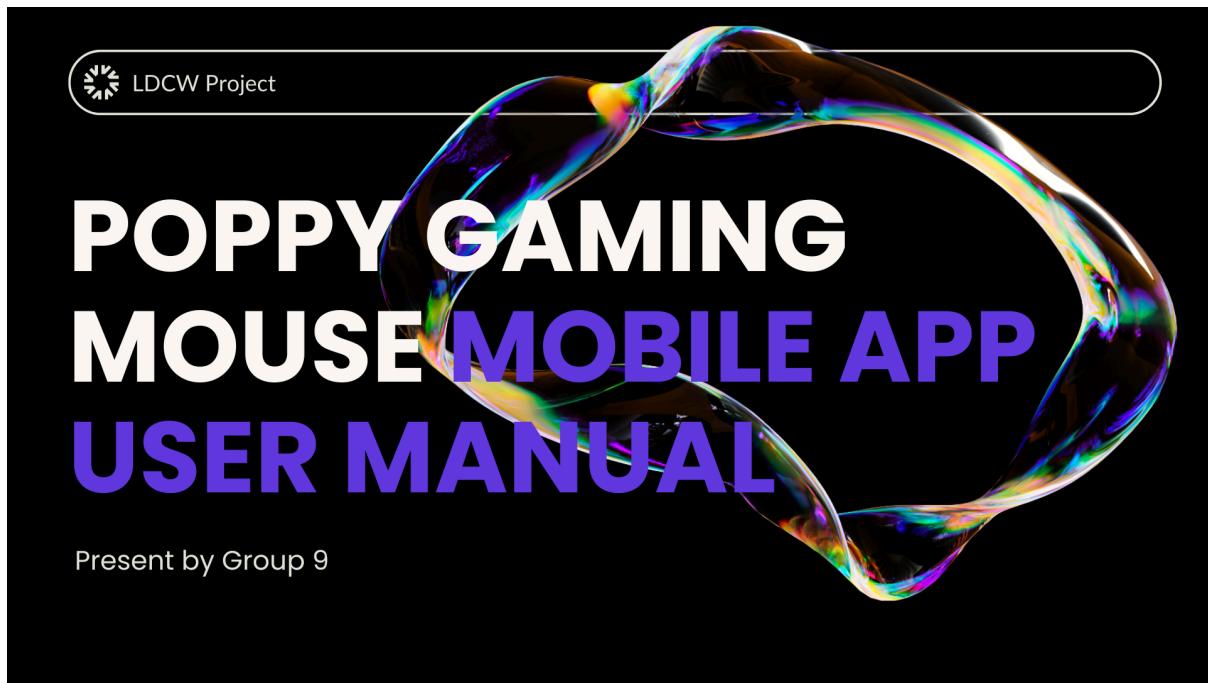

Customization

Please select your choice and Press “Confirm Your Choice”

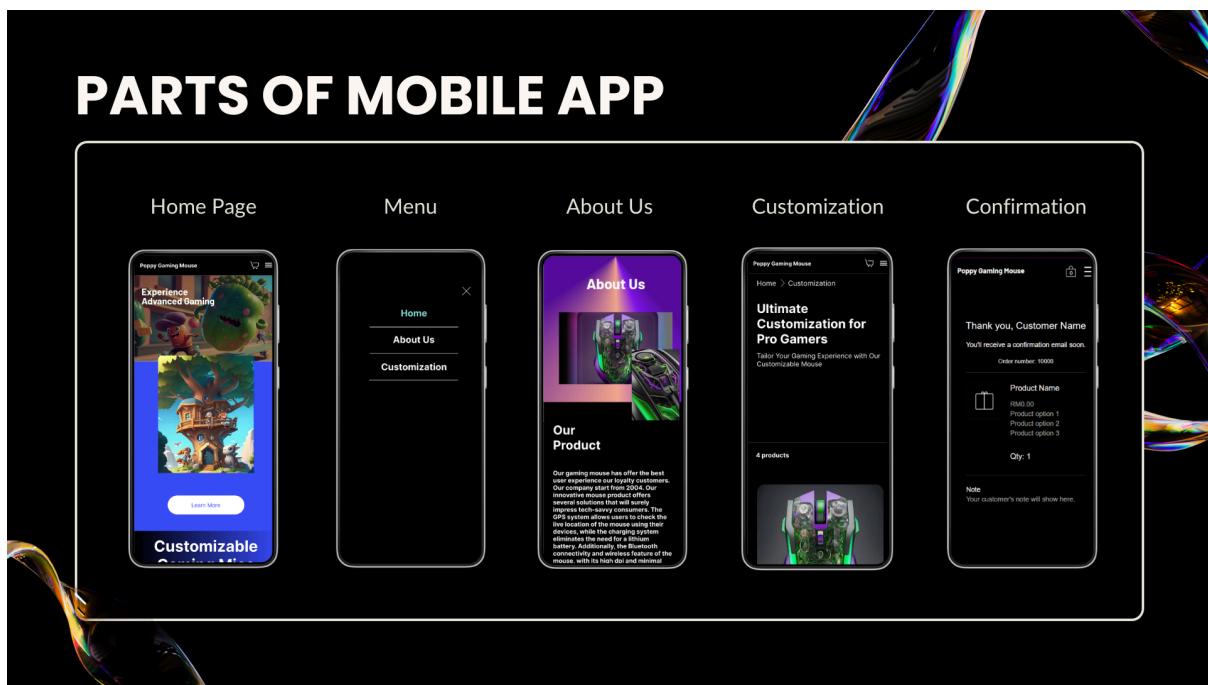

You will receive your gaming mouse after you have customised it. You will receive a confirmation email also to confirm your selection.

5. MOBILE APPS USER MANUAL

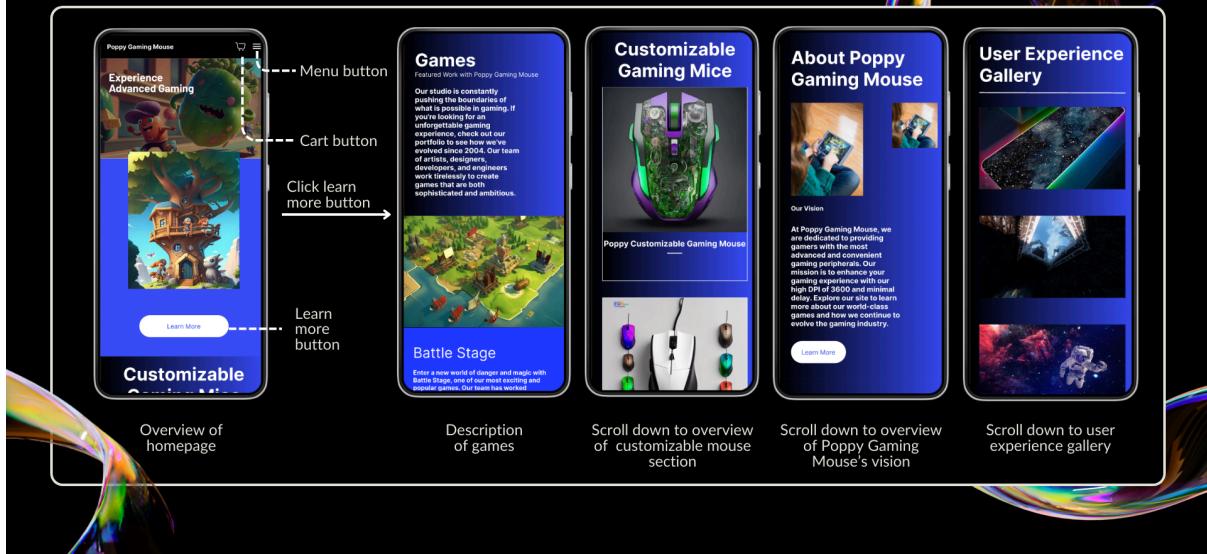

Cover page of Poppy Gaming Mouse Mobile App User Manual.

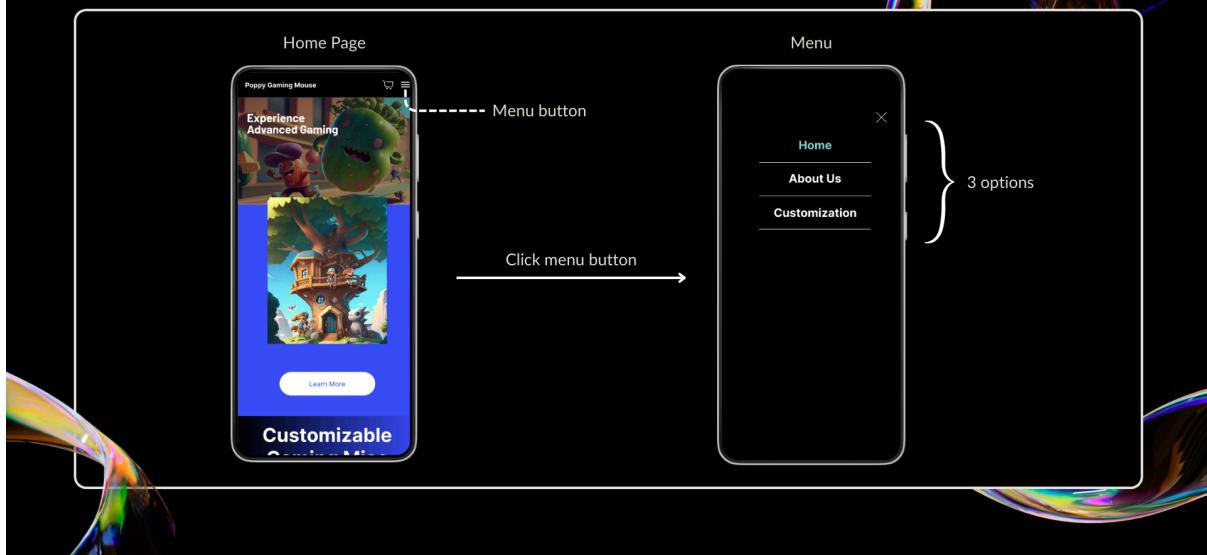

Introduction of main parts of the Poppy Gaming Mouse mobile app which is Home Page, Menu, About Us, Customization and Confirmation page.

HOME PAGE

The Home Page is the main screen when the user opens the Poppy Gaming Mobile App. It shows an overview of the app's main features and serves as the starting point for navigating the app. There is a cart button and a menu button(3 horizontal lines) on the upper right side of the home page and a learn more button on the bottom. When the user taps the learn more button, it will scroll down directly to the games introduction section. When the user scrolls down through the home page, it shows some customizable gaming mice, the vision of Poppy Gaming Mouse, an introduction to Games, the User Experience Gallery, and the Company's contacts and social media.

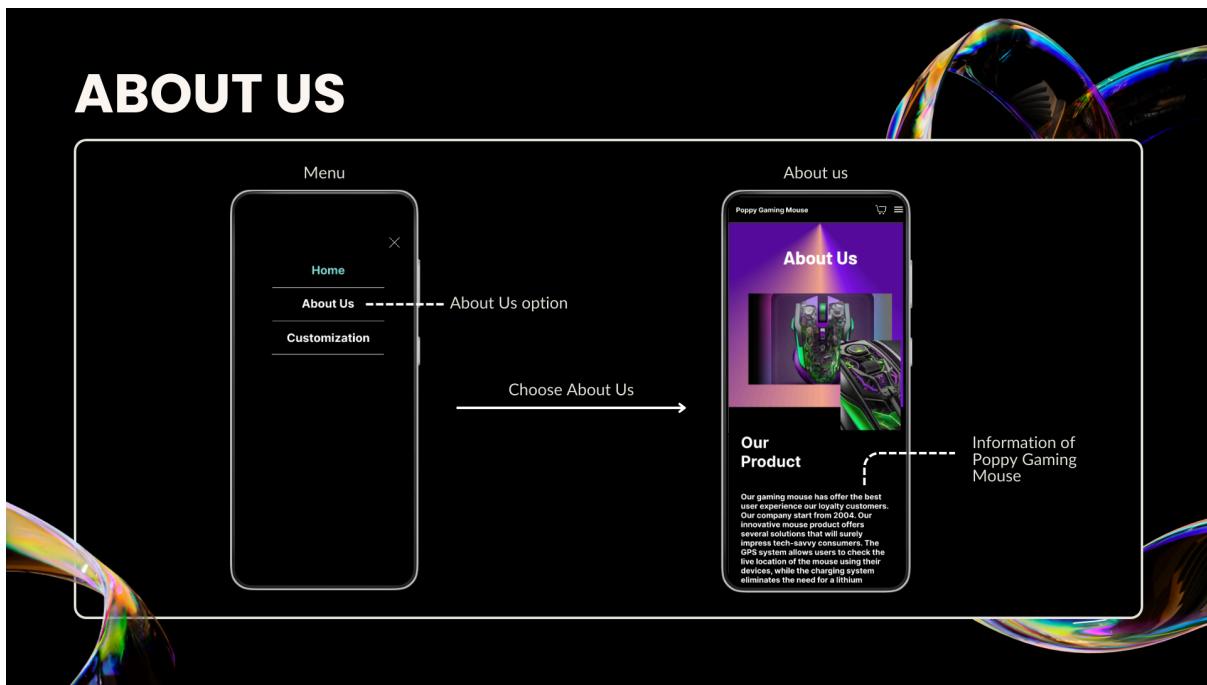

MENU

When the user taps on the menu icon on the upper right side of the home page, it expands to show all sections available in the app. There are 3 options which are:

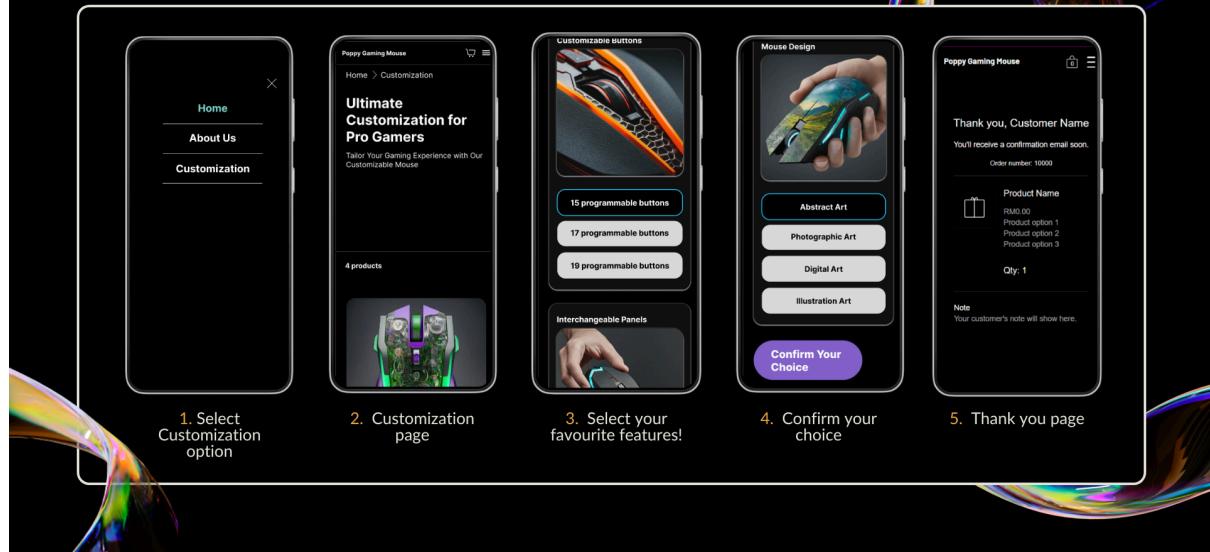

- 1) Home: Returns the user to the homepage.
- 2) About Us: Information about the product and the company behind it.
- 3) Customization: This takes the user to the section where they can customize their own mouse.

ABOUT US

The “About Us” section presents information about the Poppy Gaming Mouse Mobile App and its developers. This section typically explains a brief history of the company, its mission, and a description of the product quality and innovation. There is also company’s contact and address below.

CUSTOMIZE YOUR MOUSE!

The customization section is where the user can customize their gaming mouse to suit their preferences. First, the user chooses the customization option from the menu. Then, the user can choose the customizable mouse product, and choose their preferred features for the mouse including DPI settings, weights, buttons, RGB Lighting, interchangeable panels, and mouse design. After that, click the button “Confirm Your Choice” and the Thank You page appear.

7. PRESENTATION VIDEO LINK

Youtube Link: <https://youtu.be/yjCfSm9QygA>

The screenshot shows a presentation slide with a blue header and footer. The header features a circular profile picture of a man with glasses. The main title 'Introduction' is in large orange text. Below it, there are four bullet points: 'Project Type: E-commerce', 'Company: Poppy Gaming Mouse', 'Mission: Provide high-quality, customizable Bluetooth mice for gamers, offering innovative products and excellent customer service.', and 'Brand Name: "Poppy" symbolizes the company's commitment to stand out in the tech market and provide a superior user experience.' The footer contains standard video controls (play, volume, settings, etc.) and a timestamp '0:00 / 10:56'.

Introduction

Project Type: E-commerce

Company: Poppy Gaming Mouse

Mission: Provide high-quality, customizable Bluetooth mice for gamers, offering innovative products and excellent customer service.

Brand Name: "Poppy" symbolizes the company's commitment to stand out in the tech market and provide a superior user experience.
